## Analytics Solution Consultant

### Description

Drive comprehensive analytics solutions for clients, specializing in analytics implementation and optimization. Translate business objectives into actionable strategies, analyze data, and design tailored solutions to enhance client growth. Deliver ongoing support, stay updated on industry trends, and collaborate with teams to address client needs effectively.

### Responsibilities

- The Analytics Solution Consultant will play a pivotal role in providing comprehensive analytics solutions to our clients, with a specific focus on GA4 implementation and optimization.
- Collaborate with clients to understand their business objectives and translate them into actionable analytics strategies.
- Conduct in-depth analysis of client data using GA4 and other relevant tools to derive insights and recommendations.
- Design and implement customized analytics solutions tailored to meet the unique needs of each client.
- Provide ongoing support and guidance to clients in utilizing GA4 effectively to drive business growth and optimization.
- Stay abreast of industry trends and best practices in analytics to continuously enhance our service offerings.
- Collaborate with the analytics team to tailor solutions to meet client requirements and address their pain points.
- Prepare and deliver compelling presentations to prospective clients, highlighting the value proposition of our offerings.

### Qualifications

- Experience Required: 2-5 years of relevant experience

### Job Benefits

- Payscale: SGD 13,000 per month.
- Engagement Duration: 12 months on a contract basis.
